:

This is in response to the petition under 37 CFR 1.47(b), filed March 19, 2004.

The petition is granted.

Petitioner has shown that the non-signing inventor, Curtis R. Priem, has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the declaration/statement of facts of Attorney Stephanie Winner establishes that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the enclosed declaration. In addition, the inventor expressly refused to sign the declaration on February 2, 2004 during a telephone call with Attorney Winner. Petitioner has shown that NVIDIA Corporation has a proprietary interest in the above-identified application with the redacted copy of the Proprietary Information and Inventions Agreement showing that the inventor had an obligation to assign any patent rights to the corporation. Lastly, petitioner has submitted a declaration in compliance with 37 CFR 1.63 and 1.64 and petitioner has shown that such action is necessary to prevent irreparable damage.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the above-identified application will be forwarded to Technology Center 2100 for examination in due course.

The application file does not indicate a change of address has been filed in this case, although the address given on the petition differs from the address of record. A change of address should be filed in this case in accordance with MPEP 601.03. A courtesy copy of this decision is being mailed to the address noted on the petition. However, until otherwise instructed, all future correspondence regarding this application will be mailed solely to the address of record.

Telephone inquiries should be directed to the undersigned at (703) 308-6712.
